Slate Roofing SALE!

Interlock® Weathered Grey Slate

We've installed thousands of professionally tested roofing systems to ensure that **You'll never have to replace your roof again!**

Trusted for decades, Interlock® has installed thousands of eco-friendly and energy efficient lifetime roofs in all climate conditions and is especially suited to our rugged weather in Ontario.

Why Choose An Interlock® Slate Roof?

Our new Slate Profile is designed to appeal to those who want the elegance and longevity of a slate style roof without having to deal with the heavy weight of traditional slate products. With Interlock, "Ontario's Best Roof", you'll have no more troubles with roofs that rot, crack, and curl. It's one of the most tested and approved roofing systems available. You're protected for life with our exclusive Non-ProRated, 50 Year Transferable Warranty.

Now you can have a roof that's light and strong....
And as elegant looking as natural slate.
